MAPOTHER BANQUET WILL BE SERVED AT AUDITORIUM OF "Y"

Change In The Plan For Rail Chief's Visit Is Announced Today

GREETERS MEET AT 8:15 SHARP

President To Be Guest Of Kiwanis Club At It's Luncheon

An eleventh hour change in the plans for the Mapother banquet was announced this morning from the chamber of commerce when it was stated that the banquet would be served at the Y. M. C. A. auditorium, instead of in the chamber of commerce building as it was previously announced. The reasons given were that the Y. M. C. A. building was more accessible and could accommodate the crowd as well as the chamber of commerce auditorium.

Further plans were adopted in accordance with the banquet committee and it was expressly asked that all guests be present at the Y. M. C. A. and in their places not later than 6:55 p. m. The banquet is to be started promptly at 7 o'clock and it is necessary that the guests be present before the arrival of the honor party.

Toastmaster W. W. Rahm will preside with Rev. James D. Hunter delivering the invocation. The guests will remain standing and sing "America." The banquet, which will consume an hour, from 7 until 8 p. m., will be interspersed with several musical features which have been arranged by the committee on entertainment for the evening. At 8 o'clock Mr. Rahm will present W. R. Spight who will introduce the speaker of the evening, Mr. Mapother.

Colonel Mapother's car will be parked at the Albany passenger station during Thursday morning and the committees to greet the distinguished visitor was requested to meet in the chamber of commerce offices at 8:15 a. m., and proceed thence to Albany station where they will greet Mr. Mapother at 8:30 a. m. The arrangement committee, which has obtained the automobiles for use on this occasion, will meet in front of the chamber of commerce building at 8:15 a. m.

Mr. Mapother will be the guest of the Morgan Kiwanis club at the regular luncheon held at the Y. M. C. A. It was expressly requested that the appointed committees be prompt at the hour that has been set so that there may be no delay.

The station carrying out of Russell specialists ready-to-wearments will open Bank street at the ward and Dow under the man Russell and Yod on by Mar-former has collided with in the mer mted by a negro at May and pike, about Ala pprocurator on the Tuesday night. CHARLES CONNOR DEAD

Telegrams have been received by friends here stating that Charlie Connor, of Louisville, Ky., died on Monday, January 19. Mr. Connor was a former resident of the Twin Cities when he was an employe of the forge shop in the local shops of the L & N R R Co. but moved several years ago to Louisville, since which time he has been in ill health. Their many friends grieve with Mrs. Connor in her loss.

TWO CHAMPIONS TO QUIT RING

Benny Leonard, lightweight champion of the world, apparently unable longer to make the weight, has announced in New York that he has retired from the ring and that he will never fight again. At the same time, Jack Dempsey, world's champion heavyweight announced in Los Angeles that he expected to marry Estelle Taylor, screen actress, in June, and that he would then retire from the prize ring.

ARMS CONFERENCE ASKED BY SENATE

Amendment To Naval Bill Is Accepted Without A Vote

(Associated Press)

WASHINGTON, Jan. 21.—Without discussion or record vote, today the senate accepted an amendment to the naval bill, requesting President Coolidge to call another arms conference.

The amendment, offered by Senator King, democrat of Utah, was accepted without objection by Chairman Hale, of the naval committee, in charge of the bill.

It has been indicated quite recently in administration quarters that President Coolidge did not consider the time ripe for such a conference and administration senators had been expected to oppose the King amendment as untimely.

They made no immediate explanation of their failure to do so, nor was any light thrown on the development from the white house or state department.

BROTHER-IN-LAW OF HARDING QUILTS

Prison Superintendent Retires From The Government Service

(Associated Press)

WASHINGTON, Jan. 21.—Herbert H. Votaw, superintendent of prisons and brother-in-law of the late President Harding, has resigned from the government service. Mr. Votaw was appointed by Attorney General Daugherty in April, 1921.

At present he is in a local sanitarium where he underwent an operation for appendicitis. Department of justice officials declined today to discuss the resignation but indicated that Attorney General Stone might make a statement later in the day.

With the withdrawal of Mr. Votaw from official life and the indicated retirement soon of Prohibition Commissioner Haynes, the circle of intimate friends of President Harding, brought to Washington by him at the beginning of his administration, virtually will have disappeared.

Before he became superintendent of prisons, Mr. Votaw was a minister of the gospel. His office came under fire during the Daugherty investigation in the senate and recently he had a large part in the reorganization of the official forces at the Atlanta penitentiary.

SAYS HE SHOT GIRL AT HER REQUEST

Couple Is Discovered In Automobile After Two Days Search

(Associated Press)

PEKIN, Ill., Jan. 21.—Recovery of Mary Eitenmiller, 20, daughter of a Tazewell county farmer, and Fred Lichtenberger, 28, her sweetheart, remained doubtful today at the hospital where they were taken following the finding of the couple in an automobile Tuesday, suffering from gunshot wounds inflicted by Lichtenberger at the girl's request.

Miss Eitenmiller is unconscious, while Lichtenberger's condition is precarious. According to his confession his relations with the girl had been intimate. Miss Eitenmiller disappeared from church at Pekin last Sunday night. Thinking she may have eloped with Lichtenberger, marriage license records were scanned in an attempt to find a trace of the missing girl.

Lichtenberger stated he wanted the girl to go home Sunday night, but she would not go. He said she wanted him to shoot her and then go away because she feared the wrath of her parents.

When she saw her father coming toward their automobile, the girl wanted to shoot herself.

"I took the gun and closing my eyes, shot her twice. I then shot myself twice," said Lichtenberger.

That a suicide pact had been planned since Saturday was also revealed in the confession.

P. T. A. To Present Artists In Concert

Music lovers of the Twin Cities will enjoy a real treat tonight at 8:15 o'clock when Madam Regina Vicarino, soprano and Max Merson, pianist, will appear in concert in the auditorium of the Decatur High school, under the auspices of the Parent-Teacher association.

The Association was peculiarly fortunate in being able to obtain such famous artists for an engagement here, getting them on an open date between engagements in two large southern cities. The artists have a wide reputation both in America and abroad, where they studied extensively.

Madam Vicarino, after years of European study, made her debut at the Manhattan Opera house under Oscar Hammerstein. She has made several concert tours of Europe and appeared several seasons in grand opera in South America, Mexico and Havana.

YOUNG FINANCIER IS BELIEVED INVOLVED IN FORGERY SCHEME

Worthless Securities Issued May Reach \$2,000,000 Total

WAS PROMINENT IN SOCIAL CIRCLES

Son Of Rabbi, Defendant Was President Of "Young Judea"

(Associated Press)

NEW YORK, Jan. 21.—Moe Turman, son of a Chicago rabbi, president of Young Judea in this city and prominent in Brooklyn social circles, was reported by authorities today to have confessed to forgeries totalling \$1,300,000 in the business of the Equity Finance and Service company, of which he was the managing director.

Assistant District attorneys said the total of worthless securities he issued would reach \$2,000,000.

"I tried to be a Napoleon of finance, but flopped," Turman's story concluded, said the prosecutors. He is 27 years old.

His career as a swindler, according to the alleged confession, started in New York when he borrowed \$100 to send his widowed mother and her five children to Chicago. He borrowed from Peter Tobay until he evolved a scheme to borrow money from friends to loan merchants for discounting bills, keeping for himself half of the discount saved his clients.

"Unfortunately," Turman is reported to have confessed, "the anxiety finance and service corporation, which I organized, discounted my forged notes as well as the notes of my merchant customers. My bubble burst just as it looked most real." Persons from whom Turman borrowed are alleged to have been the chief losers. They claim to have lost sums ranging from \$15,000 to \$90,000 each.

Forged notes in sums ranging from thousands to hundreds of thousands of dollars and bearing the names of prominent business men are in the hands of prosecutors.

Officers Chosen By N. A. B. and L.

Stockholders of the North Alabama Building and Loan Association met on Monday for the election of officers and to hear reports for the past year.

The association paid a dividend of \$50,000 on Dec. 13, which was the largest interest paid in this section by any organization. Statements show the local association to be the largest in the state outside of Birmingham. Paid in socks and undivided profits of the organization total \$787,000.

The directors of last year were re-elected, including: F. G. Cook, A. T. Hanson, Clyde Hendrix, S. A. Lynne, T. G. Morrow, J. S. Patterson, F. H. Pointer, W. E. Sivley and John A. Thomas.

Following the election of directors, the new body met for the election of officers, choosing: Clyde Hendrix president, A. T. Hanson, secretary and treasurer; John A. Thomas, vice president; F. H. Pointer, vice president, and W. E. Sivley vice president.

CONSUMPTION PUT TOO LOW

Heavy Discrepancy In Federal Estimates Charged By Hayne

(Associated Press)

NEW ORLEANS, Jan. 21.—Frank B. Hayne, president of the New Orleans cotton exchange, today telegraphed Senators Ransdell, of Louisiana, and Smith, of South Carolina, charging that the United States census, through an erroneous and inaccurate report of world consumption of cotton for the year ending July 31, 1924, had cost the South many millions of dollars.

Mr. Hayne said in his telegram that in its report on November 14, the census bureau placed the world's consumption at 19,400,000 bales and repeated these estimates in its December 13 statement. On January 16, he said, the bureau made a plus correction of 582,000 bales in the consumption estimate, increasing the total to 19,982,000 bales without warning or explaining the discrepancy from its November and December estimates.

If it had been known in November that the consumption was 582,000 bales more than that previously stated, the South probably would have received at least a cent a pound more for its cotton during the marketing season, he said.

He requested the senators to take up the matter with proper authorities and protest against the issuance of what he declared were "injuriously erroneous statements."

FORBES WILL NOT TESTIFY FOR SELF

Former Veterans Chief Will Not Take The Witness Stand

(Associated Press)

CHICAGO, Jan. 21.—Charles R. Forbes, former director of the United States veterans' bureau, will not take the stand in his own defense in the veterans bureau conspiracy trial. As the defense neared the end of its presentation of evidence today, counsel indicated that their plan was to rest without calling either Forbes or J. W. Thompson, co-defendant, on charges of conspiracy to defraud the government through hospital contracts.

At the end of the morning session today the prosecution made a vigorous effort to put Forbes on the stand by objecting to the introduction of certain portion of his testimony before the senate veterans bureau committee, which was offered by James S. Easby-Smith, chief counsel for the defense.

ALLEGED NAVAL DESERTER MAKES ESCAPE WITH FULL STEAM AHEAD

Business picked up in the Decatur naval recruiting office on Tuesday morning when recruiting officer Moseley discovered that an alleged deserter was signing up for the steenth time to receive the small bonus and railroad fare furnished by the station. Chief Riggsby was called in time to see the recruit, who smelled a rat, fade down the post office stairs at a record speed.

The chief brought out his artillery and fired a shot across the visitor's bows in the internationally recognized signal to stop. This had the

MASKED AUTOISTS TOUR BIRMINGHAM

White Man Seized And Is Taken To Police Station By Raiders

(Associated Press)

BIRMINGHAM, Jan. 21.—Masked and robed, a band of unidentified men toured Birmingham last night, visiting five houses where fiery crosses were burned and occupants commanded to take heed.

At one house, which had been visited Friday night of last week, where a cross had been previously burned, the raiders implanted a large cross in front of the dwelling and fired it. Immediately afterward they littered the front porch with time tables of every railroad leaving Birmingham.

Occupants of this house were advised in a telephone message from an unidentified person to clear out "by 6 o'clock Wednesday night."

Bob Drake, a white man, was seized by 40 robed men and was taken to police headquarters, where the raiders surrendered him to three city officers. Police docketed Drake on a statutory charge, when the robed men gave assurances they would appear against him in prosecution.

At the home of B. B. Durrugh, in Irondale, a suburb of Birmingham, a volley was fired from pistols carried by the raiders as the cross was ignited. Police are at a loss as to the reason Durrugh's house was visited.

HOUSE IS AWAITING SENATE ASSURANCE PARLEY 'FRIENDLY'

The Rules Committee Holds In Abeyance Action On Act.

HOUSE LEADERS DEMAND ACTION

Useless To Confer If Senate Conferees Not Friendly

(Associated Press)

WASHINGTON, Jan. 21.—The house rules committee met today, but held in abeyance action on a rule to refer the Underwood Muscle Shoals bill to conference, pending more definite assurance from the senate that friendly conferees would be appointed to represent that body.

Chairman Snell said he looked for action this week to start the bill on its legislative course. He declared the house leaders were anxious to get the final action on Muscle Shoals legislation at this session.

While the house leaders agree that the next legislative step must be taken by the house, they contend it would be useless to send the bill to conference unless the conferees felt friendly toward the bill.

The other course would be to refer it to the house military committee.

If this is done, Representative Longworth, the majority leader, said sufficient time does not remain to permit final action on the measure at this session. Although both senate and house leaders have arranged to attempt to get the bill straight into conference, the house leaders have expressed dissatisfaction with the present status of the question in the senate.

WASHINGTON, Jan. 21.—Senate and house leaders have progressed to a point today in their efforts to obtain assurance of appointments of conferees friendly to the Underwood Muscle Shoals bill, should it be sent to congress, that they hoped to move toward directing the bill to that course within the next day or two.

The plan of senate leaders, however, to seek the appointment of three members of the senate agricultural committee as conferees other than those committee members including Chairman Norris, who would be appointed should custom be followed, still faced a snag in Senator Norris' indicated opposition to other selections.

While senate leaders appeared to be delaying their program in the hope of still persuading Senator Norris to yield in his position, the house rules committee was meeting today to consider reporting a rule to send the Underwood measure direct to conference.

Wholesale Firm's Home Completed

The new building of the Twin City Wholesale Feed and Grain company on Sixth avenue and the switch track, has just been completed. The house was erected with all modern materials, having a concrete basement, brick walls and composition roofing, costing about \$10,000.

The building has a floor space of 5,000 square feet, and is so situated on lots belonging to the grain company that it may be enlarged at any time the business may demand it. The house is now being stocked with goods and the owners expect it to take care of a large part of their business.

MORTGAGE FORECLOSURE SALE

Default having been made in the payment of a certain mortgage executed on the 14th day of Nov, 1921, by May Alma Guy and her husband, E. R. Guy, to John W. Johnson, Executor of the Estate of Mrs. Kate M. Johnson, which mortgage is recorded in Mortgage Record No. 290, page 319, in the Probate office of Morgan county, Alabama, and the default continuing to this day, and the said mortgage having been heretofore transferred and assigned to the undersigned John W. Johnson, individually, who is subrogated to all the rights and powers vesting in the estate of Mrs. Kate M. Johnson by the provisions of said mortgage, there will be offered for sale, at public outcry, to the highest bidder for cash, in front of the Court House door of Morgan county, Alabama, on Monday, the 9th day of February, 1925, at 3:30 o'clock, P. M., the following described real estate, situated, lying and being in Morgan County, State of Alabama, to-wit:

A certain parcel of real estate in the City of Decatur, described according to the plan and map of said city as being part of Lot No. 351, particularly described as beginning at the intersection of Oak and Walnut Sts. which is also the corner of said lot; running thence Northeastwardly along Oak street, 67 feet; thence Northwestwardly, and at right angles with the last designated line, 100 feet, to a 15 foot alley; thence along said alley Southwestwardly 67 feet to the line of Walnut street; thence Southeastwardly along said Walnut street, 100 feet, to the point of beginning.

Lots 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21 and 22 in block No. 4 of Lampkin and Thomasson Addition to Decatur; also Lots 16, 17, 18, 19, 20, 21, 22, 23 and 24 in Block No. 3 of Lampkin and Thomasson Addition to Decatur, in Section 7, Township 5, Range 4. Also lots 25, 26 and 27, Block No. 3, in Lampkin and Thomasson Addition to Decatur, Section 7, Tp. 5, Range 4.

Lot No. 11 of Preston Survey of the 200 acre Cantwell tract in Sec. 7, Tp. 5, Range 4, and more particularly described as being a tract of land in said section, beginning at a point on the left hand side of Market St., Extended, 264 feet Northwest of the intersection of New Market St., Extended, and First Ave., North; running thence along said Market St., Extended, 66 feet, thence Southwest, parallel with First Ave., North, 165 feet; thence Southeast, parallel with Market St., Extended, 66 feet; thence Northeast, parallel with First Ave., North, 165 feet to point of beginning, in Sec. 7, Tp. 5, Range 4.

Lot No. 9, according to the map and plan of the 200 acre Cantwell tract of land, West of Decatur, commencing at a point on the Southwest side of Market St., Extended, a distance of 906 feet from the Southwest corner of Market and Washington Sts., thence Southwestwardly along the line between said lands and those at one time belonging to Milton Humes, or lot No. 10, 700 feet to a stake; thence Northwestwardly along a line dividing said lands and those once belonging to Milton Humes, or Lot No. 15, 620 feet to a stake; thence Northeastwardly along the line dividing said lands and those of J. E. Penney, or Lot No. 8, 700 feet, to Market St., Extended; thence along the Southwestwardly side of Market St., Extended to point of beginning, in Sec. 7, Tp. 5, Range 4, West.

The sale will be held and the proceeds therefrom will be applied and distributed in accordance with the terms of said mortgage.

January 14, 1925.

of a much needed rest and are anxious to begin play again.
Following on the heels of the Albany High conflict with the Huntsville High aggregation on Friday night the Louisville & Nashville Y team will play the Austinville five. Austinville recently humiliated the Decatur team with a doubled score and while they are going in tiptop form they will engage the local Y boys on Saturday night at 8 o'clock. Austinville has always been famed for a good cage squad and has bent their entire energies to the building of a five that could stand ahead of the pace set by the other local teams. Austinville has spent her time alone on basketball and allowed other major sports to be forgotten, consequently they have a formidable combination that will be hard to wrest a verdict from.

During the coming week the Y. M. C. A. lads will go to Hartselle to play the independent team at that point. The date has not yet been announced. It is also probable that the Peabody College team of Nashville may drop off here for a game during February, while they are journeying through the Tennessee Valley.

A THREE DAYS' COUGH IS YOUR DANGER SIGNAL

Chronic coughs and persistent colds lead to serious lung trouble. You can stop them now with Creomulsion, an emulsified creosote that is pleasant to take. Creomulsion is a new medical discovery with twofold action; it soothes and heals the inflamed membranes and kills the germ.

Of all known drugs, creosote is recognized by the medical fraternity as the greatest healing agency for the treatment of chronic coughs and colds and other forms of throat and lung troubles. Creomulsion contains, in addition to creosote, other healing elements which soothe and heal the inflamed membranes and stop the irritation and inflammation, while the creosote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and destroys the germs that lead to consumption.

Creomulsion is guaranteed satisfactory in the treatment of chronic coughs and colds, bronchial asthma, catarrhal bronchitis and other forms of throat and lung diseases, and is excellent for building up the system after colds of the flu. Money refunded if any cough or cold, no matter how long standing, is not relieved after taking according to directions. Ask your druggist. Creomulsion Co., Atlanta, Ga. (Adv.)

Back about 1870, James N. Wellman developed a secret tobacco process which won instant and widespread favor. It yielded a fuller-bodied richness, mildness and fragrance which just seemed to "go" with a pipe. Theft in Bessemer isn't going to be popular long. Two alleged burglars have been shot to death by police there lately.

With a river bridge and continued developments of the Shoals looming, it looks like 1925 is going to be the best yet for Albany and Decatur.

Birmingham officers in an attempt to break up robberies there, are waging war on vagrants. Officers of neighboring cities must take the tip. When vagrants are outed out of one community, they usually congregate in some other.

MOULTON TO OBTAIN NEW MAIL SERVICE FROM HERE SOON

The announcement from Moulton that bids will be asked for the establishment of a mail bus line from the Decatur postoffice to the Moulton postoffice, to be operated twice daily each way, is just another indication of the progress that Lawrence, along with the other Tennessee Valley counties, is making. It is an indication also of the immense amount of benefit that improved highways to a community.

The establishment of the county over roads which Russell specializes in means. In fact the roads improvements will open up at it was almost impossible to Bank street at the end of the road from here to ward and Down Morgan County improved her road under the man Morgan County line, connect Russell and Moulton. This road now is not as former has been the Morgan County end is paved in the mer mi and Moulton citizens are taking ad at May r. The oppr will enable mail to be sent from Moulton day, each morning and each afternoon. be litt Moulton people late mail about 12 hours r than they have been receiving it.

COUNTY SEEKS TO HAVE NEW HIGHWAY ROUTED THROUGH THERE

It will be recalled that several days ago The Daily published a news story to the effect that it was likely that Birmingham interests, which have been striving to obtain a highway from the Magic City to the Muscle Shoals district, according to a rumor reaching here, have decided to press the route through the Twin Cities. This decision was reached, the report stated, because of the existence of so much paved roadway between here and Birmingham at present.

Since that time The Birmingham News, in an editorial, calls attention to the fact that Judge John B. Weaver, judge of probate of Winston County is endeavoring to obtain from the state highway commission a decision to include in the 1925 building program a plan for construction of all missing links of the Mobile, Montgomery, Birmingham and Tri-Cities highway. This route would lie by way of Jasper, Double Springs, Bear Creek and Russellville.

The News approves that route apparently. It declares that section of the state has not been given much consideration in the matter of highway construction. An additional reason for desiring the route, The News says, is the matter of making access to the forest reservation an easy matter.

Judge Weaver has taken the proposition up with the various boards of revenue over the state, asking that they aid him in the project.

His ambition is a laudable one. The ambition of the Twin Cities to be included on a highway from Birmingham to the Wilson Dam is equally as laudable. Straightening out of tangles like this is one of the difficult duties of the highway commission.

For our side of the argument, we might remind The News of the fact that a large part of the road from Birmingham to the Shoals via Albany-Decatur already has been paved. Additional sections of it are being improved. That, in itself, is a very good argument for the Twin City route.

Another thing, is that it will be imperative for someone to construct a road on the south side of the Tennessee river, in order that dam number three employees and visitors may have a way in and out of their camps at all times. There is a fair road from here to Courtland now, but it will never stand the heavy traffic that will be imposed upon it when work is started on dam number three.

COPIES OF THE UNDERWOOD BILL ARE RECEIVED FROM WASHINGTON

Chances for action by the house on the Underwood bill, providing for operation of Muscle Shoals at the present session of congress, appear bright. The hope for action is given impetus by the reported interest of President Coolidge in the matter.

Washington dispatches indicate that before the house votes on the Underwood bill, that some changes in the plan, which was finally substituted by the senate for the McKenzie bill from the house, may be made. Believing, however, that North Alabama residents are interested in what the Underwood bill provided, when it was adopted by the senate, the following summary of the measure, made from copies from the act just received here, is printed:

1. The Muscle Shoals project is dedicated and "set apart" for national defense in time of war and for production of fertilizers and other useful products in time of peace.

2. Fixes the right of the United States to take over the properties and operate them for defense in time of war.

3. Requires that whatever agency operates the Shoals, that the following quantities of nitrogen shall be produced: at least 10,000 tons the third year; 20,000 the fourth year; 30,000 the fifth year and thereafter 40,000 tons of fixed nitrogen annually.

4. Provides for production of nitrogen for fertilizer, on the basis of section three, except that, if "after due tests and the partial demonstration of six years herein provided for, it is demonstrated to the satisfaction of the lessee or the corporation that nitrates cannot be manufactured by it without loss, the lessee or the corporation shall cease such manufacture and shall report to the congress all pertinent facts with respect to such costs with its recommendations for such action as the congress may deem advisable."

The fertilizer shall be supplied at prices which shall not exceed one per centum above the cost of production.

5. President is authorized to lease the properties, separately or as a whole, with proper guaranties for performance of the terms of the lease, for a period not more than 50 years. Provides for lease only to American individuality or American company. Attorney General charged with duty of proceeding in court against any alien or alien company which might come into control of the project.

Lessee shall pay annual rental not less than four per cent on total sum spent on dam number two and purchase and emplacement of all works and machinery connecting herewith for production of hydroelectric power.

Lessee shall set up and maintain an adequate reserve as fixed in the lease for depreciation upon which the United States shall have a proper lien, in connection with the other properties.

Lease shall also provide the terms and conditions under which the lessee may sell and dispose of surplus electric power. Lease shall also provide for protection of navigation at dam number two and operation of locks in connection therewith.

Lease is made with understanding United States shall complete and have ready dam number two and that lessee shall maintain the property in good repair and working condition for term of contract.

6. In event the president is unable to make a lease, under the provisions of the bill, before the 1st day of September, 1925, then the United States government shall operate the project under the terms of previous section.

7. The president is authorized to designate any five persons to act as an organization committee for organization of a corporation to carry out the purposes of the bill.

Organization: The name of the corporation shall be The Muscle Shoals Corporation.

It shall have a succession of 50 years, unless dissolved earlier by an act of congress. It shall make contracts. It shall appoint a board of directors and officers and fix their salaries. It shall prescribe by-laws. It shall exercise the authority granted in this bill. The directors shall hold office at the pleasure of the President and he shall designate a chairman.

Powers of organization: It shall have power of purchase, acquiring operation and development, under the terms of the bill, in connection with the government's shoals properties. To sell all products, not required by the government.

Capital stock and bonds: The capital stock shall consist of 100 shares of common stock of no par value. Provides also for issuance of 20 year bonds in an amount not to exceed \$50,000, to be sold from time to time as needed to carry out the purposes of the act. The corporation shall issue to the president a certificate for all of the common stock.

Distribution of earnings: To pay interests, develop plants and create a reserve fund of \$2,500,000, paying remaining funds into the national treasury.

Miscellaneous: This division of the measure takes up in more detail some of the duties of the corporation.

8. Authorizes the president to complete construction of dam number three and the necessary approach to the locks in dam number two, in accordance with house report, but authorizes him to make such modifications in his plans as may be found necessary.

10. Requires lessee to be amenable to the requirements of any constituted agency in the state in which power is rendered.

11. Requires fair charges when any sort of the power shall enter into interstate or foreign commerce.

12. Provides that invalidity of any section of the bill shall not effect other sections.

13. Requires approval of president before any transfer of any lease made under the provisions of the act.

AMUSEMENTS

"North of 36," the new Paramount picture which opens Thursday and Friday at the Princess theatre, is an epic of the stirring and colorful pioneer days that bridged the gap between Indian warfare and America's industrial birth.

The story takes place after the Civil War—a story of the greatest of all cattle drives from the plains of Texas to the markets of Kansas, then the far-west terminal of civilization. The tale has an historical as well as a romantic appeal. Miss Wilson, as the young girl who leads her sixteen loyal and devoted cowmen and an immense herd of cattle over an unblazed trail for many hundreds of miles, is a dauntless courageous character.

There is Jack Holt, the young man who loves her but dare not aspire to her because he is a killer, and who guards her from many perils despite her scorn of him because she believes he is a thief and in league with a ruffian. Rudabaugh (Noah Beery), commands interest and admiration throughout.

There is the tracking of a murderer, political intrigue, perilous fording of swollen rivers, stampeding cattle, an encounter with Indians, love—the story has all the elements

of a stirring picture, with the colorful, picturesque background of the days following the Civil War, when this country was in the throes of a grim reconstruction.

Ernest Torrence, playing Jim Nabours, Taisie's (Miss Wilson) ranch foreman, completes the quartette of featured players in the production.

Other big names in the cast are David Dunbar, Stephen Carr, Guy Oliver, Wm. Carroll, Clarence Geldart, George Irving and Ella Miller.

Irvin Willat directed the production which was adapted for the screen by James Hamilton from Emerson Hough's great novel.

Here's real entertainment.

The want columns offer a splendid opportunity to the man who wants work and to the man who wants help.

FARMERS AND MERCHANTS BANK HOLDS ANNUAL STOCK-HOLDERS MEETING

The annual meeting of the stockholders of the Farmers and Merchants bank was held today in Fraternal hall attended by a large number of its stockholders and other friends of the institution.

The meeting was called to order at ten thirty o'clock and was presided over by the president of the bank, Mr. J. F. Stewart who, in a few preliminary remarks, stated the object of the meeting and declared business in order.

Minutes of the last annual meeting were read and approved, and statement submitted of the activities of the bank since the last annual meeting all of which showed that the institution had had a most favorable year, its deposits being larger at this time than any period since its organization.

A dividend of 10 per cent was declared to stockholders, \$1,000 added to its surplus and a nice sum added to the undivided profit account.

Several talks were made by friends of the institution all in an optimistic vein, congratulating the officials for the splendid showing made, and pledging full and earnest support in the coming year.

The Farmers and Merchants bank was organized in 1920, and is the youngest of the three financial institutions in this city. It has had an unprecedented growth from the very start, and is now recognized as one of the very strong financial institutions of this section of the state.

The bank, through its officials has always taken a lively interest in the farmer and his work and has made it a policy of the institution to lend a helping hand in this direction, helping the farmer to help himself, and thereby help all.

The nominating committee after a

short conference presenting the names of all the present directors for re-election, their re-election being declared without a dissenting vote.

Directors: M. Pattillo, W. T. Stewart, C. L. Lee, Jno. L. Houston, Jno. T. Kyle, S. E. Orr, S. L. Sherrill, C. B. Callaway, S. E. Gibson, M. G. Vest, J. F. Stewart, P. W. Barclift, E. F. Mittwede, Chas. Y. Quinn.

A meeting of the board of directors will be held Thursday night, at which time officials for the ensuing year will be elected. James F. Stewart is president of the institution, P. W. Barclift, vice president, E. F. Mittwede, cashier, Wray Barclift, assistant cashier.

At the close of business on December 31, 1924, the bank showed deposits of \$397,151.55, the largest deposits since its organization, increasing each year since the founding of the institution.

Pimples

You will be startled how quickly and thoroughly you can stop skin eruptions and beautify your complexion with S. S. S.

PIMPLES are the first thing one notices in another person's face. It is too often cruel in its misjudgment. It judges from what it sees on the outside. Pimples are easy to get rid of. More red-cells! That is what you need when you see pimples staring at you in the mirror. Red-cells mean clear, pure, rich blood. They mean clear, ruddy, lovable complexions. They mean nerve power, because all your nerves are fed by your blood. They mean freedom forever from pimples, from blackhead pest, from boils, from eczema and skin eruptions; from that tired, exhausted, run-down feeling. Red-blood-cells are the most important thing in the world to each of us. S. S. S. will aid Nature in building them for you! S. S. S. has been known since 1876 as one of the greatest blood-builders, blood-cleansers and system strengtheners ever produced. Start taking S. S. S. today. Its medicinal ingredients are purely vegetable.

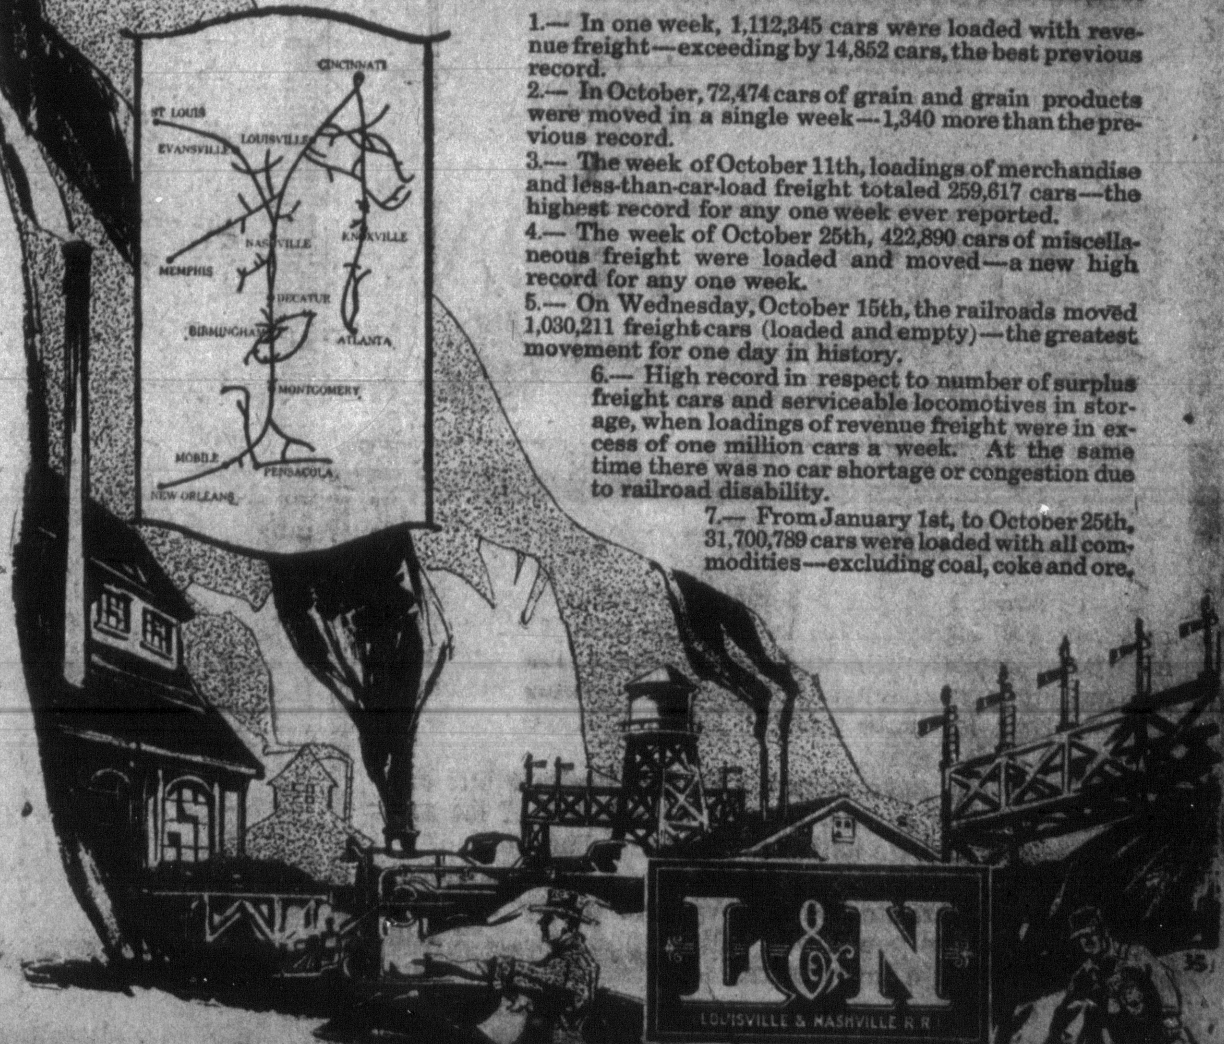

S. S. S. is sold at all good drug stores in two sizes. The larger size is more economical.

7 Records Broken By American Railroads

That American railroads are now performing their tasks with greater efficiency than at any other period in their history, is indicated by the fact that in 1924 seven transportation records were broken.

- 1.— In one week, 1,112,345 cars were loaded with revenue freight—exceeding by 14,852 cars, the best previous record.
- 2.— In October, 72,474 cars of grain and grain products were moved in a single week—1,340 more than the previous record.
- 3.— The week of October 11th, loadings of merchandise and less-than-carload freight totaled 259,617 cars—the highest record for any one week ever reported.
- 4.— The week of October 25th, 422,890 cars of miscellaneous freight were loaded and moved—a new high record for any one week.
- 5.— On Wednesday, October 15th, the railroads moved 1,030,211 freight cars (loaded and empty)—the greatest movement for one day in history.
- 6.— High record in respect to number of surplus freight cars and serviceable locomotives in storage, when loadings of revenue freight were in excess of one million cars a week. At the same time there was no car shortage or congestion due to railroad disability.
- 7.— From January 1st, to October 25th, 31,700,789 cars were loaded with all commodities—excluding coal, coke and ore.

FOR WORKING PEOPLE

The best of workers get out of sorts when the liver fails to act. They feel languid, half-sick, "blue" and discouraged and think they are getting lazy. Neglect of these symptoms might result in a sick spell, therefore the sensible course is to take a dose or two of Herbine. It is just the medicine needed to purify the system and restore the vim and ambition of health. Price 60c. Sold by All Good Druggists.

One Group 1-4 Off

We'll be perfectly frank about this; we're making this ridiculously low price on these Suits without regard to their real value, for just one reason. There are lots of one or two of a kind, some light, some dark, some small, some large, some good looking, others ugly.

They're good clothes; the materials are all wool; they're tailored in a fine way. Every one guaranteed, too.

As a matter of fact, we've sold a lot of Suits in the same styles and the same patterns this season.

But these Suits are left on our hands at the end of our sale. We won't carry them over; we'd much rather give them to you at this price.

If you can use one for work or knock-about out of what we have left they are the best buys you'll find.

The Prime Essential of Restful Sleep

No matter how comfortable a mattress you have, you won't get restful slumber unless there is a good spring underneath. Inferior springs that sag, sway, buckle and groan every time you turn over, are enemies of sleep.

Perfection Springs

are proof against all those failings, because they are built of the finest tempered steel wire. Every coil is a perfect unit, and all are held firmly in place by interlocking top crimps that make sagging impossible.

Guaranteed 5 Years

Perfection Springs are guaranteed for five years—that's what WE think about them. We know that, thanks to good material and good workmanship, they are built to LAST. Ask your dealer.
